

CORE MATHEMATICS

Compulsory Learning Area

Course Outline

Core Mathematics emphasises the development of real-life numeracy elements of money, travel and data. This will prepare students for Essential Mathematics in Year 11 and 12.

The course also incorporates the Short Course in Numeracy. Successful completion of this will meet the numeracy component of the Queensland Certificate of Education (QCE) and gain one QCE point.

Pathways

Year 11 Essential Mathematics

School linked TAFE courses, Traineeships and Apprenticeships

Structure

Areas of study	Core topics
Term 1	<ul style="list-style-type: none">Money, Travel and Data
Term 2	
Term 3	<ul style="list-style-type: none">Short Course in Numeracy
Term 4	

Assessment

Supervised tests
