Certificate III in Information Technology

ICT30120

IVET Institute Pty Ltd
RTO No: 40548

NATIONALLY RECOGNISED TRAINING

The Certificate III in Information Technology program develops a broad set of fundamental skills as such as introductory-level programming techniques, IP ethics and privacy of information, diagnostic testing and client service.

The program is suitable for serious IT enthusiasts and affords meaningful insights into some of the more common specialisations so that participants can either use this base knowledge and skills to pursue a career or further study in specialist fields; software engineering, gaming, coding, programming, technical support, data management, network management, information security and more.

Refer to training.gov.au for specific information about the qualification.

Pathways

- ICT Customer Support Officer
- Junior Network Administrator
- Junior Web Developer
- Junior Programmer
- IT Technician
