

THE UNIVERSITY OF QUEENSLAND AUSTRALIA

Exciting opportunity for female students!

The University of Queensland Women in Engineering team will again be coordinating **Work Experience** programs for high school students interested in exploring careers in engineering in 2026.

These programs provide hands-on activities, industry insights, and the chance to connect with inspiring women engineers and mentors. Students will experience different engineering disciplines and learn about pathways into this dynamic field.

These programs are highly sought after and will be allocated to suitable students through an interview process that will occur 3-5 weeks in advance of the program. Application cut off dates are listed below.

Upcoming Dates:

- **6–10 July** (Years 10–12) - Apply before 31 May 2026
- **23–24 September** (Years 10–12) - Apply before 19 August 2026
- **30 November–4 December** (Years 10–11) - Apply before 25 October 2026

Students can register here:
