

Gold Coast Health School-Based Traineeship Program

Gold Coast Health is excited to announce it's now accepting Expressions of Interest (EOI) for its' school-based traineeship program commencing September 2024. The EOI period will open on Monday 3 June and close on Sunday 16 June 2024.

Students who are invited to participate in this program will have an opportunity to complete a 12-month traineeship with Gold Coast's largest employer. They will be able to select from seven business areas across the health service and receive support from all the wonderful staff, as well as high-end training support from selected RTOs.

You can learn more about these opportunities on the following page.

Allied Health

Allied Health trainees will learn to support clinical staff across a wide range of professionals including Podiatry, Speech Pathology Dietetics, Occupational Therapy, Physiotherapy, and Rehabilitation.

Administrative

Our administration team support a wide range of clinical and non-clinical services across the GCHHS. Opportunities include ward reception, general reception, IT, human resources, finance, communications, business administration, mailroom, switchboard phone rooms and more.

Dental

Working as part of the dental team, trainee dental assistants observe and learn to provide efficient, high quality dental assistance to eligible patients and instrument reprocessing services within Oral Health facilities across the GCHHS.

Nursing

The Trainee Assistant in nursing will learn to be responsible for assisting and supporting the Nurse Unit Manager, registered nurses, enrolled nurses and the clinical team in the provision of quality patient care. The role works under the direction and supervision of the registered nurse to plan workload and prioritise activities.

Operating Theatre Assistant

As an Operating Theatre Assistant Trainee, you'll gain hands-on experience in a high-stakes medical environment. Under the guidance of experienced staff, you'll prepare the operating theatre, ensure instruments are sterilized, support the surgical team during procedures, maintain a sterile environment, and assist with patient care pre- and post-operation.

Pharmacy

As a Pharmacy Trainee, you'll gain hands-on experience in a fast-paced pharmacy, working closely with experienced pharmacists and staff. You'll assist with dispensing medications, managing inventory, and providing customer service. This role is designed to develop your skills and knowledge in pharmaceutical care, preparing you for a successful career in the industry.

Medical Imaging

As a Medical Imaging Trainee you will assist with imaging procedures and patient care, while learning to operate advanced imaging equipment under the supervision of a trained professional.

Candidate EOI Profile

Are you on an ATAR pathway at school? Yes No

What has inspired you to work in health?

What are your future career or study goals?

Three facts about yourself:

If you have any questions about the EOI process, contact Jack Rusbridge from MEGT Career Hub at jackrusbridge@megt.com.au

Important: Students must be up to date with childhood vaccinations and be available on both the recruitment day (to be confirmed) and for commencement day (to be confirmed). It is important to note that while you are completing the traineeship under school based arrangements that you will be required you to work 1 day a week (minimum 7.5 hours) during the school term and 2-3 days a week over the school holiday blocks to ensure you have completed the minimum 375 hours as outlined on the QTIS website to be eligible for completion of the traineeship within 12 months from your start date.

To apply, scan the following QR code and register with MEGT's Career Hub. Upload the candidate profile on the back of this form as either your resume or Cover Letter and proceed to apply for the particular opportunity you are interested in. Please note that students MUST lodge an application against their chosen vacancy to be considered for these opportunities.
