

The 2026 Powerlink Apprenticeships are now open for any of your interested Year 12s (including First Nations students): <https://www.powerlink.com.au/careers/apprentices-trainees-and-graduates/apprenticeships>

In 2026, Powerlink are offering apprenticeship opportunities in Brisbane, Gladstone and Townsville in the following apprenticeship streams:

- Substations - Electrical Apprentice
- Secondary Systems - Electrical Apprentice
- Secondary Systems - Communications and Control Apprentice
- Transmission Linesperson Apprentice

If your students are interested in applying for an apprenticeship at Powerlink they will need:

- a current Queensland drivers licence (manual required or be willing to obtain)
- your own means of transport
- to have completed year 12 (or in the process of doing so) – unless you are a mature aged candidate
- a genuine interest in how electricity works
- to enjoy working in a team environment, fostering an inclusive and collaborative culture
- a Certificate II in Electro-technology is desirable (not essential)
