

Thank you for choosing Major Training as your training provider. We are pleased to announce that we are now accepting VETiS enrolments into our 2026 programs. To ensure a smooth enrolment process, please review the requirements below and have all documents ready before completing the online enrolment form.

Programs & Location – 2026

Yatala Campus

- Certificate II in Electrotechnology – Monday 2nd Feb, Tuesday 3rd Feb, Wednesday 4th Feb, Thursday 5th Feb, Friday 6th Feb 2026
- Certificate II in Engineering Pathways – Monday 2nd Feb and Thursday 5th Feb 2026
- Certificate I in Construction – To be confirmed (dependent on expressions of interest)

Eligibility Requirements

- Be a student enrolled in Years 10, 11 or 12 in a Queensland secondary school
- Not be an international secondary school exchange student
- Not have already completed a certificate I or II VETiS qualification funded by DTET
- Have a genuine interest in pursuing a post school vocational occupation

Enrolment Requirements

Two Forms of ID

Each student must provide two forms of ID, including one of the following:

Clear photos are acceptable and must be uploaded to the enrolment form

- Driver's licence (front and back)
- Passport
- Birth certificate
- AND a Medicare card (mandatory).
- Students completing CPCWHS1001 – Prepare to work safely in the construction industry (White Card) must meet the minimum identification requirements set by WHS Queensland.

Parent/Guardian Consent

The consent section within the enrolment form must be fully completed by a parent or guardian.

Unique Student Identifier (USI)

Please have your USI number ready to upload into the enrolment form.

School Support Letter

A School Support Letter must be provided before an enrolment can be processed.

- Once a student completes an enrolment, their school will be notified by email.
- The school must complete and return the School Support Letter before the enrolment will be finalised.
- If, while completing the School Support Letter, it is identified that a student is also enrolled in a Certificate III qualification (or higher) at the same time as completing this Certificate II, a *Multiple Certificates Letter* will also be required. This document will be attached to the email forwarded to schools.

Pre-Training Review Form (LLN)

All applicants will receive a pre training Review Form to complete prior to commencement

USI VET Transcript

All students are required to upload a copy of their USI VET Transcript, available for download at www.usi.gov.au.

Please upload this in the Credit Transfer section of the enrolment form.

How to Enrol

Students can complete their enrolment via the link below:

 **Yatala Enrolment Link:** <https://major.assessapp.com/webforms/200956/new>

Next Steps & Important Information

Enrolment Deadline

- Enrolments close at 4.00pm on Wednesday 17th September 2025.
- Please ensure all enrolments and required documents are submitted by this time.

Placement Offers

- Placement Offer emails will be sent on Friday 3rd October 2025.
- Students and families will be notified of the outcome, and successful students will receive further instructions regarding confirmation of their enrolment.

EDUCATION FOR PRIORITY TRADES

VET in Schools 2026 (VETiS)
CPC10120 Certificate I in
Construction

ELECTROTECHNOLOGY

CONSTRUCTION

ENGINEERING

AUTOMOTIVE

PRE-APPRENTICESHIP
PROGRAMS

This qualification provides an introduction to the construction industry, its culture, occupations, job roles and workplace expectations. It is built around a basic construction project unit that integrates the skills and embeds the facets of employability skills in context.

Our Career Ready program has flexible training options that are delivered face-to-face and tailored to students' individual needs. They are usually run over two semesters and are suitable for year 10, 11 or 12 high school students pending requirements.

WHAT YOU WILL LEARN

CPCCWHS1001 Prepare to work safely in the construction industry
CPCCWHS2001 Apply WHS requirements, policies and procedures in the construction industry
CPCCOM1014 Conduct workplace communication
CPCCOM1013 Plan and organise work
CPCCOM1012 Work effectively and sustainably in the construction industry
CPCCOM1015 Carry out measurements and calculations
CPCCCM1011 Undertake basic estimation and costing
CPCCCM2004* Handle construction materials
CPCCCM2005* Use construction tools and equipment
CPCCVE1011 Undertake a basic construction project
RIIWHS204E Work safely at heights

Some units of competency within this qualification have pre-requisites. These units are marked with an asterisk (*) for easy identification.

JOB OUTCOMES

Completion of this qualification can lead to a career pathway into Carpentry, Bricklayer, Tile, Plumber, Painter or a Plasterer

VET in Schools (VETiS) 2026 is funded by the Queensland Government through the Department of Trade, Employment and Training (DTET). VETiS supports eligible secondary school students in Year 10, 11 or 12 to undertake VET qualifications funded by DTET while they are still at school.

**FOR MORE INFORMATION VISIT OUR WEBSITE MAJOR.EDU.AU, ALTERNATIVELY CONTACT US ON
1300 790 822 OR EMAIL US AT VETINSCHOOLS@MAJOR.EDU.AU**

Eligibility Criteria – General Training Pathway:

- be a student enrolled in Years 10, 11 or 12 in a Queensland secondary school;
- not be an international secondary school exchange student;
- not have already completed a certificate I or II VETiS qualification funded by DTET;
- have a genuine interest in pursuing a post school vocational occupation.

^Eligible students will be required to provide identification and their USI at the time of enrolment. Schools will also need to supply a School Support Letter.

^Students completing CPCWHS1001 – Prepare to work safely in the construction industry (White Card) must meet the minimum identification requirements set by WHS Queensland.

EDUCATION FOR PRIORITY TRADES

VET in Schools 2026 (VETiS)
MEM20422 Certificate II in
Engineering Pathways

ELECTROTECHNOLOGY

CONSTRUCTION

ENGINEERING

AUTOMOTIVE

PRE-APPRENTICESHIP
PROGRAMS

The qualification is intended for people interested in exposure to an engineering or related working environment with a view to entering into employment in that area. It will equip graduates with knowledge and skills which will enhance their prospects of employment in an engineering or related working environment.

Our Career Ready program has flexible training options that are delivered face-to-face and tailored to students' individual needs. They are usually run over two semesters and are suitable for year 10,11 or 12 high school students pending requirements.

WHAT YOU WILL LEARN

MEM13015 Work safely and effectively in manufacturing and engineering
MEMPE005 Develop a career plan for the engineering and manufacturing industries
MEMPE006 Undertake a basic engineering project
MSMENV272 Participate in environmentally sustainable work practice
MEM11011* Undertake manual handling
MEM16006* Organise and communicate information
MEM16008* Interact with computing technology
MEM18001* Use hand tools
MEM18002* Use power tools/hand held operations
MEMPE001 Use engineering workshop machines
MEMPE002 Use electric welding machines
MEMPE004 Use fabrication equipment

Some units of competency within this qualification have pre-requisites. These units are marked with an asterisk (*) for easy identification.

JOB OUTCOMES

Completion of this qualification can lead to a career pathway into becoming a: Technicians or Trades Worker, Labourers or Engineering apprentice

VET in Schools (VETiS) 2026 is funded by the Queensland Government through the Department of Trade, Employment and Training (DTET). VETiS supports eligible secondary school students in Year 10, 11 or 12 to undertake VET qualifications funded by DTET while they are still at school.

UEE22020 Certificate II in
Electrotechnology (Career
Start)

ELECTROTECHNOLOGY

CONSTRUCTION

ENGINEERING

AUTOMOTIVE

PRE-APPRENTICESHIP
PROGRAMS

If you are looking to become a qualified electrician, this pathway course in UEE22020 Certificate II in Electrotechnology (Career Start) is a pre-apprenticeship program to UEE30820 – Certificate III in Electrotechnology Electrician qualification.

Our VET in Schools 2026 programs give students the chance to gain real skills while still at school, with flexible, face-to-face training tailored to their individual goals. Usually run over two semesters, these programs are open to eligible Year 10, 11, and 12 students who are ready to take the next step towards their future career.

WHAT YOU WILL LEARN

UEECD0007 Apply work health and safety regulations, codes and practices in the workplace
CPCCWHS1001 Prepare to work safely in the construction industry
UEECD0019* Fabricate, assemble and dismantle industrial components
UEECD0020* Fix and secure electrotechnology equipment
UEECD0038* Provide solutions and report on routine electrotechnology problems
UEECD0046* Solve problems in single path circuits
UEECD0009* Carry out routine work activities in an energy sector environment
UEECD0021* Identify and select components, accessories and materials for energy sector work activities
UEECO0002 Maintain documentation
UEECD0052* Use routine equipment/plant/technologies in an energy sector environment
UEERE0021* Provide basic sustainable energy solutions for energy reduction in residential premises
UEEAS0001* Assemble electronic components
UEEAS0004* Select electronic components for assembly
Some units of competency within this qualification have pre-requisites. These units are marked with an asterisk (*) for easy identification.

Students are required to undertake a Pre-Training Review prior to enrolment
